Dear Valued Jacob Holtz Company and Plastiglide Customers:

I have the great pleasure of announcing that on May 20, 2016 – The Jacob Holtz Company and Plastiglide known worldwide since 1949 as a world class manufacturer of metal stampings and casters in Philadelphia, has again expanded with their recent merger with Hudson Lock LLC.

While many other U.S. manufacturing companies have disappeared, Jacob Holtz and Plastiglide has continued to grow and expand. Noted for exceptional service, world class manufacturing capabilities, global sourcing and its commitment to excellence, Holtz / Plastiglide and its valued employees have fueled the company's growth for the past 67 years.

Since 1963, Hudson Lock and ESP Lock have been designing and manufacturing highly engineered custom and specialty medium-security locks and locking systems to meet customers' specifications, from its headquarters facility in Hudson, MA.

In 2014 Hudson acquired HPC Inc. a Chicago IL based company known worldwide as both a designer and manufacturer of quality, revolutionary key machines, key cabinets, car openers, pick sets, locksmith software, door guards and locksmith tools. Hudson Lock and its family of businesses have been owned by Waveland Investments, LLC and senior management since 2004.

We hope you will join us in celebrating the Hudson / Holtz – Plastiglide merger which will provide a tremendously exciting opportunity for you, our valued customers. We look forward to bringing to you a full range of product lines as well as a quality of service unmatched by any other manufacturer.

You will hear much more about this merger in the near future, but we wanted to communicate this information to you as soon as possible. If you have any questions, please do not hesitate to call me or any of your current Hudson Lock, ESP, HPC or Jacob Holtz – Plastiglide representatives.

Sincerely,
Robert J. Sylvia
President / General Manager
Hudson Lock LLC and Jacob Holtz Company, LLC
