

Keys out of control?

Can't tell which key is which?

Tired of fumbling for keys?

Don't know who has the key?

Frustrated with lost keys?

Do you know who has that key?

KeKab®
Security Storage

Organization means convenience.

★ The KeKab® Single Tag System utilizes Yellow "OUT" Tags to record when a key is removed, who has the key and when it is due back.

★ The KeKab® Two-Tag Series feature a white tag for the "loaner" key and a red tag for a "permanent" key. This insures that you will always have an original key for emergencies and for duplication!

★ The KeKab® Two-Tag Series also includes a three-ring binder where you can keep a **permanent record of all of your keys, the people that have them, the doors they open and much more**, giving you complete key control!

Ask your locksmith about **KeyTrail™**. The complete Key Control Software for your business!

Flexibility is convenience.

One key for front door, interior door and KeKab®

One key opens two KeKabs at different locations

★ HPC KeKabs feature a variety of different locking options. **We can supply you with a KeKab® that opens with one of the keys you already carry.** We can "key" it to your front door, your office door or into an existing master key system.

Mortise Cylinder

Dial Combination

4-Wheel Combination

Digital Combination

★ Locking options are plentiful, including standard and tubular key locks. **And if you don't want to carry keys, we offer combination and electronic digital locks with features like key override, auto-lock-out, instant programming and more!**

1. How many doors/locks in your facility?

2. How many employees do you have?

3. How many desks and/or file cabinets do you have?

4. Are these locks keyed differently or alike?

5. Do you know where all these keys are?

6. Do you know who has these keys?

7. Do you have spare keys?

8. Do you know where they are?

9. How many of your keys would be safer in a KeKab®?

10. Can you see the benefits of computerized key management software?

★ HPC KeKabs come in a huge variety of sizes and shapes! From the compact 8-key cabinet to the 730-key version, we have the capacity that's right for you. HPC's line of specialty KeKabs is designed for use **behind doors, under counters, in drawers or file cabinets**. So even if space is limited, we have solutions for securing your keys.

CARRY ONE KEY. Open thousands of doors.

It's about Convenience.
